

Nurses / Case Managers

Your Patient May Need Non-Medical Home Care

- ♥ A watchful eye is always a benefit after surgery. At Synergy HomeCare we are there to keep a watchful eye and ensure that your patient recovers in comfort.
- ♥ Your patient may need transportation to and from appointments. We offer transportation services for those you are unable to drive.
- ♥ Synergy prides itself on working closely with family members and nurses. We have been recognized for our skills in care coordination; and can assist your patient in following all of your directives and update you on any and all changes in their condition.
- ♥ Synergy does not have service minimums. We believe in providing whatever quantity of care your patient needs. No contracts just quality care.
- ♥ Your patient may have difficulties caring for him or herself between visits. Synergy HomeCare can ensure that your patient's needs are being met 24/7!

Most people do not realize there are options.

If you have a patient who appears to need non-medical home care, please call to arrange a no-cost, no-obligation home evaluation for them today.
